Language

Turkish (Native)

English (Full Professional)

Murat Kagan Temel

Software Engineer

Experience

2024 June - 2024 August

Eestetik I Tuzla, 34940, Istanbul, Türkiye

Software Engineer

I am working with a team on a full stack e-commerce website project (www.eestetik.com.tr) for the company. Until now we are using React.js, Next.js, Typescript, MongoDB and DaisyUI for the project.

2024 June - Now

Eestetik I Tuzla, 34940, Istanbul, Türkiye

Software Engineer

I developed a dashboard application (www.ucbesbanada.com) needed for the company. In this way, we have created a system that can help health tourism, tracking patients and meeting intermediaries and doctors. Next.js, Typescript, Daisyui and MongoDB were used in this project.

2024 March - 2024 June

Tisse I Fethiye, 48300, Mugla, Türkiye

Software Engineer

I worked with a team on a full stack e-commerce website project (www.hayaltepe.com.tr) for the company. React.js, Express.js, MySQL, Chakra UI, Node.js were used in the project.

2023 May - 2023 November

Turkish Technology I Uskudar, [34674](#), Istanbul, Türkiye

Software Engineer

I took part in the development of the tools required to ensure the flow of money through Turkish Airlines systems in PARES and AUDIT systems, to tabulate, process and audit them. HTML, CSS, Java Spring Boot and MYSQL were used in these projects.
